FOUR PLUS SYSTEMS COMPANY PROFILE

2017

ABOUT OUR COMPANY

Four Plus Systems Founded in 2005 is the leading electrical trading and contracting company in Kuwait. Due to the market high demand for the electrical medium and low voltage systems along with high demand of integration between all systems using smart applications, we established FOUR PLUS SYSTEMS company to be one of the specialized companies in Kuwait which is working in the low voltage solutions, today we are rated as the four runners in the market, catering to a well-built clientele supported by a network of world renowned manufactures/suppliers and manned with a professional team of employees. In for Plus Systems continue to pursue innovation. We forge partnership with our customers through the development of strong relationships, using both personal contacts and modern communication to bring both our suppliers and customers together.

ETHICS & VALUES

Our four values of integrity, teamwork, excellence and respect have been implemented across our whole organization and are essential in guiding our employees and their work ethic. Four Plus Systems operations are increasingly diversifying and common set of values offers the business clear benefits, supporting the challenges of future growth.
